

STUDENT AGREEMENT

Dance is a beautiful art form and a fun pastime, however it is also a physically demanding discipline. While we strive to make class activities as accessible and safe as we possibly can, we cannot guarantee against the risk of injury that may occur during class, rehearsal, or performance. By registering for and participating in a Sundance offering, the student accepts responsibility for their own physical health and safety, and will hold Sundance Studios & Productions harmless in the event of injury or accident.

Some factors that help decrease the likelihood of injury include maintaining proper hydration and nutrition, a regular practice of stretching and strengthening exercises, and getting plenty of rest when not in rehearsal.

Rules and Regulations

1. Students are expected to be present and on-time for class and rehearsal, particularly during performance season. Unless in a case of emergency, discuss any and all absences beforehand with your class instructor.
2. Students are expected to leave their cell phones, homework, and other possible distractions in the designated area with their belongings during class time.
3. There may be times in class when students will be in physical contact with one another. Particularly for partnering and lifting, it is very important that we approach this contact with respect and wait for acknowledgment and consent before proceeding with rehearsal. This is not an invitation to engage in horseplay: in general, if it is not part of the instructions, students should keep their bodies to themselves.
4. Each Sundance instructor may set expectations specific to their classes that may not be reflected in this list. It is expected of the students to follow such regulations.
5. Sundance Students taking class in the Bath County location at the Bath Community Wellness & Rehab Center are expected to abide by the following rules in order to keep a positive relationship with and respect the facilities of the Bath Community Wellness & Rehab center:
